Package of Support
About Prisoners of Conscience (PoC)

We aim to positively transform the lives of prisoners of conscience who have been persecuted for the non-violent act of upholding or protecting human rights.

Prisoners of conscience are at the core of everything we do and we aspire to work for and alongside you. We aim to encourage you to get involved in our activities, nurture a sense of community and develop a strong network of like-minded individuals.

Our Package of Support

Following the award of a financial grant to prisoners of conscience, we make direct contact to offer a personal development plan to each recipient. Based on the package of support, these plans aim to meet integration, skills and employment, legal and advisory, mental health and promotion of human rights needs.

We hope that you will benefit from this package. If you would like to discuss any aspect of the brochure in more detail or if you think there are other areas we should consider please do get in touch.
